

### **Amended Exhibit C - Cisco's Trial Exhibit List**

Plaintiff Cisco Systems, Inc. ("Cisco") respectfully submits its Amended Trial Exhibit List.

Where Cisco lists the sponsoring witness as "Arista engineer(s)," that entry refers to the following individuals: Bechtolsheim, Berly, Dale, Duda, Gourlay, Hafeez, Heymann, Holbrook, Hull, Metivier, Pech, Redlefsen, Sadana, Sollender, Sweeney, and Ullal.

Where Cisco lists the sponsoring witness as "Cisco engineer(s)," that entry refers to the following individuals" Jain, Jiandani, Kavasseri, Liu, Lougheed, Mellacheruvu, Patil, Remaker, Roy, Satz, Slattery, and Subburayan.

Cisco reserves the right to object to the admission of any document included on its exhibit list. Cisco reserves the right to offer at trial any exhibit listed on Arista's trial exhibit list.

Cisco reserves the right to use the metadata from the exhibits on either trial exhibit list and also reserves the right to print in paper format any document that is listed as a native on the exhibit list. Cisco further reserves the right to use any exhibit on either parties list during the examination of any Arista-designated expert.

Cisco has included dates on its exhibit list, but those dates are not necessarily the date of the creation or circulation of that exhibit. Cisco reserves the right to object to the listed date and to provide evidence of an alternative date for the exhibit when that is appropriate.

### **Cisco's Objections to Arista's Trial Exhibit List**

Cisco further reserves the right to supplement, amend, or modify its objections to Arista's trial exhibit list. Cisco also reserves the right to object to any exhibits to the extent they should be excluded or limited by any ruling of the Court, such as the Court's rulings on Cisco's *Daubert* motions or Cisco's motions *in limine*. Cisco also reserves the right to object to the relevance of any of Arista's exhibits depending on the context surrounding Arista's proposed use of the exhibit. Additionally, for each of Arista's exhibits, Cisco objects that, in the event they are admitted, they may be subject to an appropriate limiting instruction. Further, as the parties have not exchanged final exhibits, Cisco reserves the right to make new objections based on Arista's final versions of exhibits after exhibits have been exchanged.
